Christina Leard, Staff Liaison

Chair and Vice Chair Roles

Each advisory body annually in April, elects a Chair and Vice Chair. No member shall serve more than two consecutive years.* The advisory body chair (or in their absence, the vice chair) is responsible for the following:

1. Presides over all meetings of the commission and ensures that the work of the commission is accomplished. To this end the chairperson must exert sufficient control of the meeting to eliminate irrelevant, repetitious or otherwise unproductive discussion. At the same time the chair must ensure that all viewpoints are heard and are considered in a fair and impartial manner.
2. Appoints members to temporary subcommittees subject to the approval of the advisory body.
3. Works with the staff liaison to determine the contents of the agenda prior to distribution.
4. Represents the commission before the City Council.
5. Signs correspondence and meeting minutes on behalf of the advisory body.
6. Performs other duties necessary or customary to the office.

The City Clerk will offer annual training in May, following annual appointment of Chairs and Vice Chairs, on the roles and responsibilities of these positions in facilitating meetings. The annual training will be recorded for later viewing should a chair or vice chair appointment be made throughout the year.

MISSION STATEMENT: (State mission as identified in enabling legislation and include legislation citation) The Environmental Quality Committee's **mission**, as established by Resolution 2008-13, is the following:

- To serve in an advisory capacity to the City Council, staff, other boards, commissions, and committees, and the citizens of the City with regard to environmental quality issues within the City of El Cerrito;
- To recommend programs, policies, and ordinances to the City Council and promote the City's environmental quality efforts; and
- Promote and foster public awareness, education, interest and support for environmental quality efforts, foster volunteer opportunities, and educate El Cerrito citizens regarding environmental quality and issues relating to environmental impacts.

HISTORICAL BACKGROUND: (Brief discussion regarding when the commission/committee was established and how it has changed over time) Since the EQC's establishment in 2008, the committee's emphasis has cycled between public education, community volunteer organization, and environmental policy, but the general commitment to all forms of action envisioned for the EQC has remained consistent over time. The committee has also consistently maintained a high fraction of the 15-member capacity, with both long-serving members and a rotation of new members.
